

Dear Cassell 3rd - 5th Grade Parents, Guardians, and Students

First and foremost, I hope everyone is well and safe! I absolutely miss getting to see everyone on the stage and can't wait until we're all able to make music together again!

I've put together another packet of music work that our 3rd-5th Grade students can work on during remote learning for the rest of the year. You can find this packet on the Google Drive Link provided on the Cassell newsletters or on the Cassell Music Website (cassellmusic.weebly.com)

Starting, May 11th, I'm asking that they move from the composer packets to beginning note reading. The note reading will be helpful for when we come back to the Modern Band work in the Fall. I will be posting videos and resources that can help them complete these sheets on the Cassell Music Website (cassellmusic.weebly.com) If any students would like to continue learning about different composers, I will still post more resources about different composers and musicians on the website.

I don't want anyone to be overwhelmed by this work so please know that students can work on these when they are able. The dates I have listed are guidelines and not due dates and I will accept all work I receive before the end of the quarter for a full grade.

These are the suggested dates for students to work on each assignment. They can be turned to me at dstournoux@cps.edu in via email or google drive. Students can scan them up or take a picture to send them.
